DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claim 15 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 15, the cellulose polymers are not guar derivatives as stated therein.

The scope of the claim is thus not clear.

3. Claims 1-14 and 16-34 are allowable over the art of record.
4. The following is a statement of reasons for the indication of allowable subject matter: The present invention comprises additional steps of using a second and third treating fluid, in addition to the steps taught in US 6488091, from which the current application claims priority. The present steps utilizing the substantially fully hydrated depolymerized polymer is not taught or suggested by the prior art.
